

25th October 2012

Mastercraft Kitchens & Bathrooms
30 Glasgow Street
TAURANGA

To whom it may concern,

Mastercraft kitchens Tauranga have used the Rangehood Installation Services of Rangehood Solutions since 2006.

They have offered an ongoing smart and efficient installation service which our group builders and private clients have had a full advantage of.

I would recommend Rangehood Solutions to any potentially new clients and the Vissari rangehood brand they offer has proven to be of high quality and performance.

I wish Grant and the Rangehood Solutions team well on expansion into the Waikato and Auckland market, and all future projects.

Murray Belz
Managing Director
